About Crystal Light Healing™ – Levels I, II & III

Crystal Light Healing™ is based on the crystal wisdoms of the ancient Mystery Schools of Atlantis, Lemuria, Egypt and the Mayan Civilisation. The Wise One's of those times mastered the ancient craft of using crystals for healing and alchemically blending the elements for vibrational transformation and transmutation. These ancient wisdoms have now been brought into the present by Simone M. Matthews from her direct experiences with these mystery schools over many lifetimes.

Crystal Light Healing™ is a journey about discovering who you are, where you come from and what your purpose is during this lifetime. Crystal Light Healing™ empowers people to become the authors of their own experiences, co-creators of their realities and hence lead authentic and fulfilling lives.

Whether you choose to do a single 2 day workshop, or complete the course of study up to Practitioner Level (CLH Levels I, II & III), the advanced Practitioners Course (CLH Level IV) or the CLH Teacher V Module, the workshop/s are designed to be personal transformative experiences of self-discovery, awakening and re-connection with the Source of Creation within.

The CLH I, II & III workshops may be completed in any order and there no pre-requisites. You can choose to partake in just one 2 day workshop, or attend all three. CLH IV is an advanced honours course for CLH Practitioners, thus CLH Levels I, II & III are pre-requisites of CLH IV.

We will be journeying through the Sacred Mystery Schools of Atlantis, Lemuria, Egypt and the Mayans and visiting the Pleiades, Sirius and your own stellar origins.

As we connect with the Mystics from each school – the Wise Ones, Elders and Priest/Priestesses we will experience each of the 12 Divine Emanations first hand, and so too become Masters of Universal Wisdoms.

What are the Essence of Angels® ?

Simone Matthews, was guided to produce a range of vibrational remedies to assist people in their growth, attunement and personal empowerment. Using an ancient form of alchemy called 'Archeon', Simone was guided to align high frequency Angelic energy's with their Master Crystal Energy counterparts and synergistically blend these energy's with sound, vibration and sacred geometry

The result is a range of exceptionally high frequency vibrational essences that are programmed into the Grand Cycle of evolution to assist people in reaching their highest soul potential in this lifetime. The Essences are major facilitators of change, assisting humanity in re-connecting with the Love & Peace within, hence creating a Heaven here on Earth

The Angelic essences work with the energy systems of the body including meridians, chakras and the subtle bodies or planes as well as on the physical cellular and DNA levels. Essence of Angels® healing complements most other healing modalities synergistically improving health outcomes and patient compliance. As the Essences stimulate consciousness and awaken people to their full soul potential, people are empowered to become active participants and hence authors of their own life experiences.
