The ULTMSH offers a range of weekend workshops, Practitioner courses, Teacher Modules, Tele-Seminars and Self-Study programs to empower individual spiritual growth, release people from their self-imposed limitations and awaken people to fulfil the highest level of their soul's potential.

Simone's philosophy of awakening is simple 'as we embrace the infinite power of Creation from within, and take ownership of our role as active participants in the holographic field of Creation, we are free to transform our fate and become active authors of our destiny'.

ULTMSH courses are facilitated by Simone at various times throughout the year, nationally & internationally. In addition, qualified ULTMSH Teachers facilitate Crystal Light Healing workshops (levels I, II & III up to Practitioner level) throughout the year.

Crystal Light Healing – A Gift of Awakening

Crystal Light Healing is a journey about discovering who you are, where you come from and what your purpose is during this lifetime.

Crystal Light Healing empowers people to become the authors of their own experiences, co-creators of their realities and hence lead authentic and fulfilling lives.

Crystal Light Healing & the Mystery Schools

Crystal Light Healing is based on the crystal wisdoms of the ancient Mystery Schools of Atlantis, Lemuria, Egypt and the Mayan Civilisation. The Wise Ones of those times mastered the ancient craft of using crystals for healing and alchemically blended the elements for vibrational transformation and transmutation.

These ancient wisdoms have now been brought into the present by Simone M Matthews from her experiences with these Mystery Schools over many lifetimes.

Crystal Light Healing accesses the vibrational frequency of crystals through colour, sound, light and sacred geometry. These frequencies are then resonated through our subtle bodies, chakras and higher vibrational points to stimulate healing and release dis-ease.

Crystal Light Healing Workshops

The two day Crystal Light Healing (CLH) workshops are designed for people of all ages and levels of experience. Whether you are a novice wishing to explore crystal energetics or a dedicated healer, CLH is designed to touch the hearts and minds of all and facilitate a transformative experience of personal growth and spiritual reconnection.

Each workshop is very hands on and covers in detail both the theory and practical application of crystals for healing. There are lots of practical exercises, group work and time to answer your personal questions. Above all, the workshops are amazing experiences of self-discovery, awakening and of course fun!

The workshops provide you with the tools necessary to use crystals to channel energy for yourself, family and/or establish a healing practice. Crystalline energy helps to unite people again in peace, love and harmony.... creating a Heaven here on Earth.
