"I feel I now have the big picture of what healing is all about. You have empowered me to get in contact with my own unique gifts and bring those forward into the now to awaken humanity. Crystals are divine gifts, and I am truly thankful for you helping to re-connect me with my long lost friends ... " **Claudia U.**

"For years I have worked with crystals and achieved amazing results for myself and clients, but I have always had this nagging feeling that something was missing ... the missing part was fully acknowledging who I am and reconnecting to my ancient healer self. I loved being taken back to Lemuria, seeing my homeland and feeling one again with my soul family. I now feel complete ... " **Justine T.**

"I now look at crystals in a completely different light. I was a bit of a novice before I started your courses ... I had lots of lovely crystals around my house, but had no idea how I could use them. I now connect with my crystals on a regular basis, and they have brought so much love, healing and harmony into our home that I now cannot imagine living life without them..." **Anna H.**

"What I loved about the weekend ... beautiful teacher, lovely location, gorgeous crystals, manual is one of the best written & presented that I have ever seen. Workshop was easy to understand & follow, beautiful loving energy experienced throughout the course. I truly had an amazing experience, thank you ... " **Tasmene K.**

"I originally came along to CLH I very nervous and not quite sure why I was there. By the end of the weekend, I was in awe of my experiences and felt I had re-connected with a long lost part of me. My life has changed in so many ways, and now after completing CLH II & III, I have not looked back. Using CLH principles the results I am getting from my healings are quite profound and I feel honoured and blessed in awakening others. Thank you for awakening me to who I am and my divine role ... " **Angela T**

"Simone, you are a wonderful teacher. Thank you for living your life purpose. Love & Peace to you always ... " **Natasha S.**

CRYSTAL LIGHT HEALING – A GIFT OF AWAKENING ...

Crystal Light Healing is a journey about discovering who you are, where you come from and what your purpose is during this lifetime.

Crystal Light Healing empowers people to become the authors of their own experiences, co-creators of their realities and hence lead authentic and fulfilling lives.

CRYSTAL LIGHT HEALING & THE MYSTERY SCHOOLS

Crystal Light Healing is based on the crystal wisdoms of the ancient Mystery Schools of Atlantis, Lemuria, Egypt and the Mayan civilisation. The Wise Ones of those times mastered the ancient craft of using crystals for healing, and alchemically blended the elements for vibrational transformation and transmutation.

These ancient wisdoms have now been brought into the present by Simone Matthews from her experiences with these Mystery Schools over many lifetimes.

Crystal Light Healing accesses the vibrational frequencies of crystals through colour, sound, light and sacred geometry. These frequencies are then resonated through our subtle bodies, chakras and higher vibrational points to stimulate healing and release dis-ease.

CRYSTAL LIGHT HEALING WORKSHOPS

The two day **Crystal Light Healing (CLH)** workshops are designed for people of all ages and levels of experience. Whether you are a novice wishing to explore crystal energetics or a dedicated healer, **CLH** is designed to touch the hearts and minds of all and accelerate your own personal growth and attunement.

Each workshop is very hands on and covers in detail both the theory and practical application of crystals for healing. There are lots of practical exercises, group work and time to answer your personal questions. Above all the workshops are amazing experiences of self-discovery, awakening, love and of course fun!
